Dear

RE: FREEDOM OF INFORMATION REQUEST OF 14 MAY 2019

Please be advised of the following in relation to your request.

- The date and time the first appliance mobilised to the last appliance time booked available for each Malicious False Alarm incident from 01/01/2014 to date. The incident number for each of the occasions and the location of the incident by either station area, local authority area or postcode.

These 3681 resource mobilisations responded to 2256 individual False Alarm Malicious Incidents.

The excel workbook that is attached has listed the incident numbers, date of incident, Station Area Code and Station Name as requested.

Incident duration has been calculated using the first available "Time Proceeding" value and the last available "Time of Release" value. Please note these calculations are based on the available time data recorded on the NIFRS MIS system.
