### RE: FREEDOM OF INFORMATION REQUEST DATED 30 JANUARY 2019

Please be advised of the following In relation to your request.

Question 1 The number of fires your forces attended where the ignition source of the fire is recorded as 'white goods', broken down by local authority area for the last two financial years (2017/18 and 2016/17) in an excel format.

Question 2 Where possible, can you please provide me also with details on the fire (for example, how it happened, where, damage caused etc)

**White goods are appliances like fridges, washing machines, tumble dryers, dishwashers, refrigerators, freezers, kettles, coffee machines etc)**

*In the financial years 2016/17 and 2017/18 white goods ignition sources of fires included cookers, deep fat fryers, dishwashers, fridges, fridge/freezers, freezers, irons, microwave ovens, spin dryers, toasters, tumble dryers, vacuum cleaners, washer/dryer combos and washing machines.*

*Please note that chip pans were recorded in the section 'Deep Fat Fryers'.*

*In the financial year 2016/17 NIFRS responded to 170 fires that were attributed to a white good ignition source.*

*In the financial year 2017/18 NIFRS responded to 185 fires that were attributed to a white good ignition source.*

*A breakdown of the data for the aforementioned financial years by local authority area and white good is provided in the accompanying excel data file 'FOI 159-19 Response Data' in the 'Table by Local Authority' tabs.*

*Further details of the fires including: the incident date, local authority area of fire, cause of fire, white good ignition source, location of fire, size of room where the fire started, damage caused and area of damage are included in the data tabs for each financial year.*
